

Yougesh Kumar

Web Developer & AI / ML Enthusiast

katariayougesh@gmail.com | 0327 7037201 | Sukkur, Sindh, Pakistan | github.com/Yougeshkumar7 | linkedin.com/in/yougesh-kumar-06150b318

PROFILE

Software Engineering undergraduate and web developer who builds clean, responsive web applications and is actively expanding into Artificial Intelligence and Machine Learning. Comfortable across the front-end stack (HTML, CSS, JavaScript, React) and with Python for data-driven projects such as classification and fraud-detection models. Passionate about combining thoughtful design with intelligent, practical solutions.

EDUCATION

BS Software Engineering

2024 - 2028 (expected)

[Sukkur IBA University - Sukkur, Sindh, Pakistan](#)

CGPA: 3.53 / 4.0

TECHNICAL SKILLS

Web Development: HTML5, CSS3, JavaScript, React, Responsive Design

Programming: Python, Java, C++

AI / ML: Machine Learning, Pandas, scikit-learn, Prompt Engineering

Tools & Data: MySQL, Git & GitHub, Figma, Command Line

PROJECTS

Chronos - Watches Store

A sleek, fully responsive online watches store with a modern product showcase.

Tech: HTML, CSS, JavaScript <https://yougeshkumar7.github.io/CHRONOS/>

Credit Card Fraud Detection

Machine learning model that detects fraudulent transactions using classification techniques.

Tech: Python, Machine Learning, Pandas, scikit-learn https://github.com/Yougeshkumar7/credit_card_fraud_detection_system

Tickora - Habit Tracker

Habit-tracking app to build routines, mark daily progress and stay consistent.

Tech: HTML, CSS, JavaScript <https://yougeshkumar7.github.io/Tickora/>

Python Quiz System

Interactive quiz application that tracks scores and gives instant feedback.

Tech: Python, HTML, JavaScript <https://yougeshkumar7.github.io/quiz/>

GPA Calculator

Tool to calculate grade point average from course grades and credit hours in real time.

Tech: HTML, CSS, JavaScript https://yougeshkumar7.github.io/GPA_Calculator/

LICENSES & CERTIFICATIONS

Google AI Essentials - United Latino Students Association

Dec 2025

Google Prompting Essentials - Coursera

Jul 2025

Claude Code in Action - Anthropic
Claude 101 - Anthropic
Introduction to Figma - Simplilearn

Mar 2026
Mar 2026
Dec 2024

ACHIEVEMENTS

- Participated in the Sibathon Hackathon, collaborating on a team project under time constraints.
